# LABOUR'S PLAN

## ***A Clean Air Zone - the facts:***

- Private cars are not included.
- Charges will only apply to older heavy goods vehicles, polluting buses, coaches and taxis.
- **Tory Councillors and their MP in Southampton don't care about your health. *They are deliberately ignoring the impact of toxic air on the health of EVERYONE in this city.***

**Have your say about the Clean Air Zone - we want your voice to be heard.**
